UCF is the second largest university in the Nation with opportunities to over 61,000 students. The service we provide is Research, Education, and Public Service.

Our goals in achieving this are:
1) Offer the best undergraduate education available in Florida.
2) Achieve international prominence in key programs of graduate study and research.
3) Provide international focus to our curricula and research programs.
4) Become more inclusive and diverse.
5) Be America’s leading Partnership University.

Facilities Operations supports the University’s goals by cleaning, maintaining, and repairing buildings and equipment to minimize interruptions and create a safe, comfortable, and clean environment for our faculty, staff, and students.

The University’s Mission is - The University of Central Florida is a public multi-campus, metropolitan research university that stands for opportunity. The university anchors the Central Florida city-state in meeting its economic, cultural, intellectual, environmental and societal needs by providing high-quality, broad-based education and experience-based learning; pioneering scholarship and impactful research; enriched student development and leadership growth; and highly relevant continuing education and public service initiatives that address pressing local, state, national, and international issues in support of the global community.

The vision is to - UCF has embarked on a bold venture to become a new kind of university that provides leadership and service to the Central Florida city-state. While sustaining bedrock capabilities in the future, the university will purposely pursue new strengths by leveraging innovative partnerships, effective interdisciplinarity, and a culture of sustainability highlighted by a steadfast commitment to inclusiveness, excellence, and opportunity for all.

Facility Operations supports this Mission and Vision in one way by implementing a Reliability-Based Culture founded in RCM, Reliability Engineering, and efficiency principles. As these concepts are new to UCF, this is a far-reaching goal. We have a plan beginning with growing our staff’s tools, knowledge, and abilities that will enable us to take the next steps in fostering a Reliability-Based Culture. The plan for the next 5-8 years of RCM implementation at UCF has been laid out and blueprinted.

Software/Hardware List
- CMMS - Asset Works AIM
- CBM – under evaluation
- FLIR Tools
- Crystal Reports
- BIRT Reports
- AIM IQ

Hardware
- Ipad Mini – 85ea
- Ipad – 70ea
- FLIR E5 – 3ea
- FLIR E60 – 1ea
- All Test Pro 33IND – 2ea
- GTI Predictive Technology – Ipad mini, app, transducer
- TPI 9080 Vibration Analysis Tool
